We, the staff of the *Raconteur*, are very excited about the progress we are making with the 2009-2010 yearbook! We believe this year's book will be the best ever, and a true chronicle of this important year. We have made great effort to make this year's book as inclusive as possible for all students. We are continuing to emphasize our Lasallian spirituality with pages devoted to service projects, each mission trip, service activities, school masses, and each Kairos and retreat. We are also emphasizing academics with pages devoted to our Academic Awards Nights, National Honor Society, and our Academic Team. Last, we are making a concerted effort to include more candid pictures of a wider variety of students. Orders placed before December 23 will receive a five dollar discount. Below is an attachment that can be used as a stocking stuffer.
